

COORARA PRIMARY SCHOOL

CARING | HONESTY | RESPECT | RESPONSIBILITY | TEAMWORK

14th January 2022

Dear Families,

Yesterday the Premier announced a new start to the 2022 school year.

They have prioritised face-to-face learning for our littlest learners - Receptions and year 1s, who would find online learning a big challenge. Our year 2 through to 6s will learn online during those first 2 weeks.

They are planning to have all year levels back in school, learning face-to-face on **Monday 14th February 2022**.

Term 1 start dates

Monday 31 January – preparation day (supervision on site for children of essential workers)

Tuesday 1 February – preparation day (supervision on site for children of essential workers)

Wednesday 2 February – school and preschool is back

- Face to face learning for: Reception, year 1 students only
- Remote learning for: years 2 to 6 students

Some parents may choose to keep their children home from school or children may be in isolation. In this case, teachers are not required to provide remote learning for these students. The Curriculum and Learning team in the Department are units of work that can be used by these students. More detail will be provided before the school term commences.

Stay Connected and Informed

More information will come out to you on Wednesday the 19th January from me with any new updates and COVID-19 Directions. The department has said they will have further information by this time for families.

Please ensure the school has your up-to-date email address and mobile phone number. We will also communicate with families via text message and our Facebook page.

Regards,
Steph Tulloch
Principal
