Better Behaviour Better Learning

Our golden expectation is that we treat others the way we want to be treated. Our code of behaviour ensures learning time is maximised and respects the rights of all to be safe.

Bullying Prevention

At Coorara Primary School we believe that all students have the right to a safe, inclusive and supportive learning environment. Bullying, including cyber bullying; harassment and violence, is unacceptable behaviour. Bullying and harassment are issues that are treated very seriously as they can adversely affect a person's ability to work and learn, therefore we work hard to find solutions to stop incidents from occurring.

For more information, please read our Bullying Prevention Policy.

Canteen

Students can order lunch from our Canteen on Wednesday, Thursday & Friday.

5 EASY STEPS FOR ORDERING LUNCH

OR

Step 5. Use the "Spriggy Schools' App to order your child's lunch, please add a 29c fee per order to your total order. Please refer to term planner for closure days.

Children's University

Our students have the opportunity to be involved in an exciting program: '**Children's University Australasia' (CUA)**. This programme is overseen by our Wellbeing leader, Christine and supported by Sharon in the Library.

CUA aims to encourage high quality out of school hours activities for children aged between 7 and 14 years, engaging the wider community as learning partners in this process. The most important principles of CUA are that participation is voluntary and activities must take place outside the normal school day during lunch, after school, weekends and holidays.

In partnership with The University of Adelaide, we aim to raise aspirations and develop a love of learning by issuing students enrolled in CUA with a '*Passport to Learning*' which records their individual learning journey. After 30 hours of learning, the children are rewarded for their participation with certificates at a graduation ceremony to be held at the University of Adelaide.

Choir

Coorara Primary School has two choirs, a senior choir and a junior choir. The Senior Choir is involved in the Primary Schools Festival of Music.

English

Mathematics

The Arts

Performing Arts (taught by a specialist teacher)

Health and Physical Education (taught by a specialist teacher)

Science (taught by a specialist teacher)

HASS (History & Geography)

Digital Technologies

AUSLAN

At the beginning of each term class teachers send home a term overview outlining what will be taught in each of the curriculum areas.

Emergency Contact Forms

Parents are required to update emergency contact information at the start of each year or when details change.

Emergency Lunches

Student who for any reason do not have lunch will be provided with a cheese sandwich.

Emergency Sirens

At Coorara Primary School we have three different sirens that indicate an emergency situation. If one long continuous blast of a siren is made over a 30 second period it informs everyone in our school (students, teachers, parents, visitors, contractors) that we need to leave our location and move towards the oval.

If repeated, short rings of the siren are made for 30 seconds, it informs everyone in our school (students, teacher, parents, visitors, contractors) that we need to stay inside in a safe, secure building. This siren would typically alert everyone that a serious situation was evident. (Vicious dog/animal, extreme weather, dangerous intruder etc).

2 short rings of the siren are to notify classes – this is the rain siren – for inside play/activities.

As a school we regularly practise both procedures to ensure that everyone knows what to do in either situation. If you are in our school when either of these sirens sounds, please respond appropriately. Parents are notified by SMS after a practice has occurred.

Governing Council

The Governing Council plays an important part in the management and development of our school. It is responsible for ensuring that the community wishes and ideas are incorporated into the schools' educational program, and is a key body in school decision making.

A new Governing Council is elected at the Annual General Meeting in Term 1. Governing Council meetings are held twice a term on a Monday night from 7.00pm. All interested parents are welcome. These meetings are conducted in a relaxed and friendly atmosphere. You are also invited to raise issues of interest or concern to you through your Council representatives or through the Governing Council mailbox in the library. Dates of meetings are advertised in the newsletter and on the term planner.

Hats: Be Smart Wear a Hat

All students are required to wear a sun safe school hat (wide brimmed or bucket hat) while outside during the school day in term 1, and term 4. Hats are optional in term 3. Students who do not have a hat are asked to stay under solid shade. School hats are available for purchase from the Front Office.

Health Support

Coorara Primary School is committed to supporting the health and well-being of all students. Parents/carers retain primary responsibility for their child's health care. This includes responsibility for providing accurate, up-to-date relevant information to staff regarding their child's routine and emergency health care needs. The school does not have the facilities or skills to care for sick students other than to provide first aid. Students who are ill should rest and recover at home until they are well enough to return to school.

Accidents or Illness

Our staff are trained in basic first aid. Staff will provide an initial assessment and first aid treatment to students. The school will contact parents and carers to make a final decision about seeking further medical advice or treatment.

If it is a head injury of any sort, Parent/Caregivers will be notified by a phone call.

In the event of an accident or illness, you or your nominee will be contacted as soon as possible by a Staff member. If a child requires emergency treatment, an ambulance will be called.

Medication Management

Where possible, we encourage students to take medication outside of school hours. If medication is necessary at school, students will be supervised in managing this process themselves or will be given the medication by front office staff.

- Medication must be provided in the original pharmacist container with directions on the label
- The child's name must be on the original label
- Medication must be stored safely and it must be taken to the front office and given to a front office staff member for storage in a secure cupboard. This should be handed from adult to adult.
- Students must have a medication plan filled out by a doctor and the parent/carer
- It is the parents/carers responsibility to provide the medication.
- A medication log will be filled out by the front office staff member supervising or giving the medication.
- EpiPen must be replaced once out of date.
- We will advise you prior to expiration of plans and medication, however it is your responsibility to follow through.

Routine Health and Personal Care Support

Some students may require assistance with their routine or emergency health and personal care needs. Before staff can assist with this, parents/carers must provide written information **from their doctor** who outlines specific care needs and needs updating every 12 months. Forms are available from the front office for a range of health conditions and needs, including:

- Asthma
- Diabetes
- Anaphylaxis (severe allergy)
- Medical information (for General health care or those without specific forms)
- General health information (to be completed by a general practitioner, psychiatrist or psychologist)

The purpose of these health care plans is to ensure that the school has information from the treating health professional relevant to the student's health, well-being, attendance, learning and care at school. We can write a 'health support plan' for the child if deemed necessary by the school or if any of the following are relevant

- There are any individual first aid requirements, other than a basic first aid response
- The child needs additional supervision for health-related safety
- There is a predictable need for additional support with daily living tasks

Health support plans are written using the written information from the treating health professional, with discussion between school staff and the parent/carer.

Asthma

Students with asthma (even if only 'mild' or 'occasional') need an asthma care plan completed and signed by the treating doctor and given to the front office staff. Asthma Care Plans need to be updated every 12 months. Staff can remind students to take their preventative asthma medication prior to physical activity if this is part of the asthma care plan. Staff are also trained to administer reliever medication in the event of asthma attack. The school has reliever medication for use in emergency situations only. All students who require asthma medication must have puffers in the front office. All asthma puffers must have the pharmacist label, including the student's name, adhered on the puffer.

Infectious Diseases

Please contact the school if your child contracts an Infectious Disease and you are unsure of the period of exclusion from school.

The House structure is a combination of Heads of House, two House Leaders that are representatives from Year 6.

Parent Complaint Policy

We all expect quality and expert care and teaching for your child in order that they achieve their potential. Working together will give us the best chance of solving a problem that may arise during your child's years in school. We also recognise that at times things may go wrong. If you have a concern or a complaint, we want you to let us know. It's important to learn from mistakes or misunderstandings so that we can improve your child's experience and learning, and also improve processes where possible. The first step in working through a complaint is to talk to your child's teacher, and then the principal if you still are not happy. A copy of the school *Parent Guide to Raising a Concern or Complaint* brochure can be picked up from the front office. Steps guiding how complaints should be made are explained in the brochure.

Parent Involvement

Parents are welcome in our school and can be involved in so many ways. Such association benefits your child by giving him/her experience in relating with a number of adults and also can be most rewarding to the parents involved. You will be required to have a Working with children and Responding to Risks of Harm, Abuse and Neglect – Education and Care (RRHAN-EC) clearance. If you are interested in volunteering here are some ways of being involved:

- Help in the library
- Help in the classroom, hearing children read, reading to children, assisting individual children to learn tables, and offering assistance on excursions
- Attend school functions
- Offer your expertise - the experience and talent in the parent community is enormous
- Help manage, coach or transport sports teams or come along to support your child's team
- Nominate for Governing Council or a sub committee

Leader Led Conversations provide opportunities for open communication between student, parents/caregivers and teachers about the students' social development, academic progress and behaviour.

Written Reports

A Written Report comes home at the end of Terms 2 and 4 and provides information on student progress in the areas of study and other aspects of schooling, such as attitude and social skills.

Parents are encouraged to make a time to meet with their child's teacher at any other time to discuss progress or any issues they may be having.

Parents will be invoiced early in term 1. This, together with our DfE funding, is used to fund our educational programs, stationery and the maintenance and development of school buildings, grounds and resources.

Throughout the school year, teachers may organise camps, excursions, etc. As these events occur, parents will be notified about the nature of the activity the amount of money that is required and the timeline for payment.
